Show Handicraft Of Play Centers

Handwork done by the children on all of the five local playgrounds this summer is being displayed this week in the windows of two stores on Main street. One display is at Simeone's and the other at Reinhold's new location.

The work was done during the past several weeks under the supervision of Miss Georgia Stanley, director of arts and crafts for the playgrounds, and Miss Gail Griffin, her assistant.

Playground tournaments have ended and now the winners are engaged in the inter-playground tournaments in checkers, sand building, bean bag, dominoes and similar games.

In the annual field day last week some 350 children from all of the play centers assembled at the Central playground and took part in a long list of field and track events. The Ballardvale entrants walked

Rent Control Vote Due Here Aug. 24

The selectmen Monday night signed the warrant for the special town meeting to be held at 7:30 p.m. Monday, Aug. 24 at the Memorial auditorium to take action on the continuance of rent control.

The warrant contains four articles, the first of which is the one on rent control.

According to the act by which the control provisions may be extended until next June 30, "such vote shall include a declaration that a substantial shortage of rental housing accommodations exist in such city or town and that the control of rents therein is necessary in the public interest."

In order to transact any business at the special meeting a quorum of 350 registered voters will have to be present.

Two of the other articles in the warrant have to do with granting the selectmen the right to sell certain parcels of land and buildings

An unusual and entertaining program will feature Tyer Rubber company's "Open House" Saturday, Aug. 15, from 9 a.m. to 1 p.m.

Employees will share in an opportunity to win prizes which will be drawn from a model of the new building. Souvenirs will be given to all and refreshments will be served in the cafeteria. Three rooms on the first floor of the old Stowe school are being prepared to take classes when schools open next month.

This additional use of the old Stowe building, Supt. Edward I. Erickson says, is due to the increase in enrollment for the new Central elementary school.

Mrs. Anna F. Walsh, special class teacher, will be located in the Stowe school along with Miss Elizabeth Hopkins and Miss Josephine Broadbent. The transfer of these teachers with their activities will allow an extra first grade, to be taught by Mrs. Rose Cardella, and an additional sixth grade with Miss Artemis Spanos in charge.

Work is advancing at the Shawsheen school to provide for a cafeteria in that building. At the same time two new first grade rooms will be opened there, with the completion of work being done by Alex Henderson.

New teachers at the Shawsheen school will be Lionel Goulet, fourth grade, to replace Miss Florence McCarthy who has been granted a leave of absence to teach abroad; Miss Justine Devlin will transfer to the fifth grade to replace Miss Vera Thurston who will take a guidance position in the Needham school system; Mrs. Marjorie Ganley of the Bradlee school will take over Miss Devlin's room, grades 3 and 4, and Mrs. Eleanor Daniels will replace Mrs. Ganley at Ballardvale.

The custodial staff, under the direction of Fred L. Collins, has been going all through the schools cleaning each building and affecting minor repairs. A great deal has been accomplished, too, in the matter of redecorating classroom walls, re-finishing floors, and re-surfacing desk tops.

NOTICE

During the month of August, we will thoroughly dry clean and press FREE OF CHARGE one sweater, plain skirt or a sport shirt with every \$1.25 worth of dry cleaning picked up or brought into this plant.

Lost Ring Found After Five Years

A ring which William Hulse of Shawsheen rd., lost five years ago was found recently and returned to its owner.

Hulse, former commander of the local VFW post, was presented with the ring in 1948 by the organization. About a month later he was working on the High street site of the veterans development when the ring fell off and disappeared.

About two weeks ago Henry Beanland, present owner of one of the houses on the site, was working on his lawn when he noticed a shiny object turned up by his rake. He saw the ring with the inscription, "Commander, VFW, 1948" and after making a few inquiries from VFW members was able to return the ring to its owner.

"E" for Effort

Five professional wisecrackers sat discussing gags and cracks too dead ever to be used again. One asked whether anything could be salvaged from that old one: "Who was that lady I saw you out with last night?"

They all fell silent, wiggling pads and pencils, thinking. In fourteen seconds this slip was tossed onto the table: "Who was that lady I saw you outwit last night?"

The defendants were represented in court by Attys. Fernand A. Bernardin and Charles W. Trombly. On the question of pleading to the charges, counsel argued that the situation was one arising out of a card game going on at the Moss home when the state police came in. Atty. Bernardin told the court it was his understanding that the state police expected bigger things. He said it was only a card game with the same friends who play once a week and that no rake was being taken. He urged the court entertain nolo contendere pleas in view of the circumstances. He also asked that a charge of maintaining a gaming nuisance against Moss be dismissed and this was agreed to by the prosecution.

Sgt. John K. Kelley of the Framingham barracks, who led the raid, informed the court that at 12:30 a.m. Friday, armed with a search warrant, he went to the York street home with a group of officers on a complaint and found men playing draw poker. He said that \$318 in money and a number of decks of cards were seized by the raiders.

When counsel asked for a dismissal of the charges, Judge Darcy remarked that he could not make flesh of one and fish of another, because games elsewhere were subject to a fine. He stated, however, that he was inclined to invoke the minimum fine of \$5. Sergeant Kelley agreed.

Rental Shortage Here?

Is there a substantial shortage of rental housing in Andover?

The special town meeting called for Monday, August 24 will have to decide that question by vote before going on to the main purpose of the session, — whether or not to continue the provisions of rent control which expired July 31.

In the opinion of some 200 residents of the town the shortage does exist and they have signed a petition calling for this special town meeting to put the matter to popular vote.

Since August 1 there have been no legal controls over rents here and it will take affirmative action by the town meeting to retain the rent ceilings until June 30, 1954.

Various opinions have been expressed by townspeople in the past few weeks as to whether or not the shortage exists.

In order to have that question definitely settled there will have to be a quorum of 350 people present at the Memorial auditorium before any business can be transacted.

In the interests of all concerned it is desirable that a substantial number of voters attend the special meeting so that the matter can be determined then and there without having to defer it to a later date when more people will have returned from their vacations.

Plan to attend.

Typical Example

The following brief editorial appeared in the Herald and Clipper, Marcus Hook, Pennsylvania: "The government accounting office recently reported that the purchase of two baffle plates for \$2.97 by the New York post office was listed and documented by nine papers, bearing 24 signatures or initials, and 20 datings, and that the documentation took four months to process.

"This is but one of the typical examples of bureaucracy, which closely resembles what old soldiers refer to as army red tape....The only thing we can do is to point out this one example in the hope that it will disgust the right people as much as it disgusts us."

Down the Years with The Townsman

50 Years Ago — August 1903

We publish a long list of the town's heavy taxpayers who contribute \$50 or more to the town treasury.

The body of a 10-year-old boy clad in a bathing suit was found floating in the Merrimack river near Hardy's farm in West Andover today. It is supposed to be one of the boys who were drowned while swimming in the Concord river at the time of the terrible explosion in the U.S. Cartridge factory storehouse in Lowell last week.

A party of young people from West Parish took a trolley ride to Lexington and Concord yesterday to visit some of the places of interest.

Disasterous midnight fire in Lawrence causes loss of seven of the 22 horses in Couture's livery stable on Bennett st., and six in the stable of Franks Bros., on Chandler st. Stables, carriages and sheds destroyed. Surrounding tenement property badly scorched.

Clerks of Robertson, Sutherland & Co. store enjoy outing in grove on Haverhill road.

Annual Smith & Dove picnic to be held tomorrow at Revere Beach. Special cars will leave the square at 7 a.m.

The luxury of a hot bath, the sleep inciter, the restorer of tired nerves, is yours for a small price if you consult and employ me, says one of our local tradesmen in an ad.

25 Years Ago — August 1928

Much highway work in progress during the summer months under Supt. Charles T. Gilliard of the BPW. Haverhill street is now open to traffic; High street job is completed to Haverhill street and will go to the North Andover line next week; two sections of High Plain road put into good condition, and entrance to Salem street to be relocated near its junction with Main street.

Children of playgrounds exhibit dolls and are awarded prizes in various categories.

John Cummings of Salem st., one of the town's four surviving veterans of the Civil War, observed his 85th birthday Saturday and received many gifts.

Glaring headlights on autos are a menace to traffic, we say editorially.

Mrs. George P. Byington, 94, oldest member of the Congregational church, recently fell in her home in Ballardvale and broke her collar bone.

10 Years Ago — August 1943

Series of breaks, including one in Marland mill garage on Stevens street and another in a parked car at Pomp's pond, gave appearance of minor crime wave over weekend. Capt. H. Garrison Holt announces that local company of state guard will bivouac at Pomp's pond sometime in September.

MISS JULIA E. TWICHELL

Miss Julia E. Twichell's con-
nection with the Memorial hall, and
her long service for the Town of
Andover began in 1900.

On Oct. 1, 1937, when she re-
signed her position of assistant
librarian after 31 years of most
successful service, - 37 years in
the Memorial hall itself - the Board
of Trustees recorded the following:

She was completely identified
with every forward step in the pro-
gress and expansion of the library,
and the institution could not, and
would not, stand where it stands
today were it not for the fortunate
chance that made her its first as-
sistant. It is also certain that no
one employed by the library has
ever been more popular or more
beloved by the public.

To this tribute those who worked
with Miss Twichell wish to add:
She knew everyone, it seemed,
and had an intimate knowledge of
the "ups and downs" of hundreds
of families. She knew who had the
measles; who had been honored in
some way; who was attending which
college; who was observing an
anniversary; who had a new baby;
who liked to read what books, to
the amazement of patrons and fel-
low-workers, all of whom sincerely
loved the selfless woman. Regard-
less of her "foreign" Connecticut
birth, Miss Twichell was Andover's!

SHOOTER SKILLED

An American had an invitation to a private shoot. Addressing the old gamekeeper, he said: "I'm one of the crack shots in the States. To-morrow you will be loading for me, and for every bird I miss I'll give you a shilling."

The following evening the gamekeeper met a friend and told him the story.

"If I'd had another blank cartridge," he said, "I'd have made just a pound."

JUNIOR LEAGUE

Drop Close One

The Andover Junior League
team dropped a 2-1 decision to the
Tower Hill nine at the local play-
stead last Thursday night.

It was a close game all the
way, the visitors scoring one run
in the second and the local knot-
ting the score in the third. Then
after two scoreless innings the
Tower Hill boys pushed one more
run across and this proved to be
the winning tally of the game.

The Andover lineup: Williams,
lf., Brown ran for Williams in the
seventh; Bowman, rf., Vickers,
2b., Matton, ss., Murphy, lb., Gr-
dzinski, p., Best, cf., Durant,
3b., Dalton, c., McKay, ran for
Dalton in the seventh.

TWILIGHT LEAGUE

Browns Win Title

The Browns won the Twilight
League championship for 1953 by
defeating the CYO team two
straight games in what was to be a
two-out-of-three series. This is the
first time in several seasons that
the CYO has been eased out of the
final title.

In the first game of the series
Aug. 5 the Browns took a 2-1 de-
cision in a seven inning game be-
hind the stellar pitching of Larry
Higgins. In the second game Aug.
10 the game went only five innings
and the Browns, entering this
frame trailing 4-1 came up with
four runs to forge ahead 5-4. This
is the way the game finished due
to the excellent clutch pitching of
Jack McCarthy.

scored off Pitcher Johnny Giovinco
in the play-off series with the Me-
thuen Cubs Tuesday night but the
single tally was enough to defeat
the Andover Yankees 1-0 as the
local boys could do very little
with the offerings of Pitcher Dick
Pirozek.

The Methuen boys, playing on
their home grounds, scored the de-
ciding marker in the fifth. Ham-
let was hit by a pitched ball, Go-
terich got a double down the left
field line and Hamlet was out at
the plate. Pinch hitter Godin
walked, Goterich took third on a
passed ball and with Moore at bat
Goterich made a dash for the plate.

When the surprised Giovinco
threw to the catcher the ball was
still ahead of the runner but Gote-
rich slid into the catcher causing
him to drop the ball and the runner
was safe.

The same teams will meet on
the playstead tonight for the se-
cond game in the series.

Teacher Vacancies To Be Considered

Two vacancies are to be considered by the school committee at the next meeting to be held Tuesday evening, Aug. 18.

The committee is expected to approve the transfer of G. Arthur Danforth as chemistry-physics teacher at Punchard to replace James Hart, who has resigned to accept a similar position in Lexington.

The vacancy caused by the transfer will leave the position of teacher of general science and biology in the junior high school to be filled, together with that of a high school social studies teacher-assistant coach.

It is also expected that the committee will take action on the transfer of either the sixth grade or the kindergarten from the West to the Central school. Present enrollment estimates seem to warrant transfer of the latter since it is possible to absorb these children at Central rather than any other grade.

STEVENS OFFICIALS MAKE LOCAL TOUR

(Continued from Page One)

The committees were entertained last night at a dinner given at the Andover Country club where they met a group of local leaders in the fields of religion, education, industry and government.

The list of invited guests from Andover included Sen. John Adams, the Rev. A. Graham Baldwin, Wallace E. Brimer, Will G. Brown Jr., Hugh Bullock, the Rev. P. J. Campbell, Selectman J. Everett Collins, Gordon L. Colquhoun, Edward I. Erickson, Louis S. Finger, Burton S. Flagg, Louis E. Gleason, Selectman Roy E. Hardy, Harold E. Heseltine, Chester W. Holland, Frank J. A. In every way, more car for your money !

Ford gives you V-8 power like that of costly cars... fine car build... fine car ride and 'at-home-everywhere' good looks - but the price tag never moves out of the low-price field

Everywhere you go people are making the swing to Ford. And can you blame them? Many cars costing over \$1000 more offer no more of the things you need and want. Here are some of Ford's "Worth More" features... but to get the full story, you'll find it worth your while to Test Drive a new Ford today!

Smooth V-8 power is exclusive to Ford in its field. And Ford's Mileage Maker is the most modern Six you can own! Both the V-8 and Six-cylinder power plants deliver their hill-leveling "go" on regular gas—and not much of that, thanks to Ford's Automatic Power Pilot!

An extra suitcase will fit into Ford's luggage compartment—the roomiest in the low-price field. In fact, Ford's combined luggage and passenger space is the greatest in the low-price field... compares with that of many cars of higher price.

Less front-end road shock. The kind of shock you feel most is reduced up to 80% with Ford's remarkable new ride. You get a smoother, more balanced, more comfortable ride all around!

Suspended pedals work easier and make foot space of the entire floor area. Suspended pedals are also a "keep out" sign to dirt and drafts... make it easier to keep the floor clean!

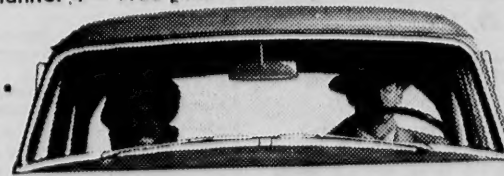

Center-Fill Fueling permits filling your Ford from either side of the pump... saves you time when refueling... and puts an end to hose scratches on your fender!

Curved one-piece windshield (below) and large picture windows, give Ford the most "look out" area in the low-price field... another reason your Ford is worth more when you buy it... when you sell it, too!
